

# **PLAINFIELD AVENUE CORRIDOR IMPROVEMENT AUTHORITY BUILDING EXTERIOR IMPROVEMENT PROGRAM**

## **WHAT IS THE BUILDING EXTERIOR IMPROVEMENT PROGRAM?**

The improvement program has been established by the Plainfield Avenue Corridor Improvement Authority (PACIA) to encourage the preservation, restoration and /or renovation of significant building exteriors for properties located within the PACIA district (a copy of the district boundary map is attached). The program is administered by the PACIA, which has determined, consistent with the PACIA's adopted development and tax increment financing plan, that the preservation and enhancement of building exteriors in the district will facilitate and encourage the goals of the PACIA as more fully stated below. Monies available for the program come exclusively from those funds controlled by the PACIA Board and may be only used in a manner consistent with the PACIA Board's approved policies and plans.

Grants of monies, up to 20% of project costs, maximum \$3,500.00, are available to eligible property owners.

## **WHY WAS THE PROGRAM ESTABLISHED?**

The PACIA Board believes that the appearance of buildings in the district is critical to maintaining the viability of the district. The defined district is not an incorporated village but rather a section of Plainfield Charter Township and Grand Rapids Charter Township. We need to maintain our exteriors to remain a viable business community. It is the Board's belief that an attractively preserved district will encourage pedestrian and vehicular traffic, thus improving economic conditions in the district.
